Best Solar Control
Removable Solar Inserts
*There when you need them –
not when you don't!*

- **Removable Solar Inserts** offer seasonal sun relief while maintaining your view. By using high-quality, interior, sun-control fabrics, **Solar Inserts** diffuse light while reducing heat, glare and fading caused by UV rays — making any room more comfortable.
- Remove and store the inserts as needed; they are installed with screws or Velcro for easy removal (by you or by us!).
- Designed to fit *your* windows, including most specialty shapes (arch, trapezoid, etc.).
- Custom-built frames of quality hardwood are stained or painted to match your exact specifications.

Removable Solar Inserts are custom-made in Blue Ridge, GA, patented and guaranteed.

*Call **888-864-4517** to find a local dealer.*
